19th March 2020

Dear Parents,

Following the decision to close UK schools to most children from tomorrow and for the foreseeable future, we would like to direct you to all of the home learning information available to your child during this time.

**Firs Primary School website** - <http://firs.academy/>

Each year group page has been updated with home learning materials. Please click on your child's year group page and scroll down until you see the 'Home Learning' heading. All the materials you need are underneath this including website links and other useful resources. Please follow the weekly guidance given for Learning Projects, Maths, Reading and Writing – these are all hyperlinked.

### **TTRockstars and Purple Mash**

A letter has already been sent home outlining all details for these websites, along with your child's log in details. There is also a link on the Firs Primary School website.

### **Where should this work be completed?**

Your child has already been given an exercise book so that they can record all of their work in one place. This is a lined book, not squared, so please explain to your child that any maths work just needs to be completed neatly on the lines.

### **No internet access?**

If you don't have access to the internet at home, your child has been given a paper-based home learning pack.

Thank you for your support and patience during this unprecedented time. Please make sure that you continue to follow updated government guidance and keep yourselves and your loved ones safe.

Yours sincerely,

Mr D Shakeshaft

Headteacher
